ROBERT VAN DYKE AT COMMERCE HEARING
Declares That Deliveries by Rail by Way of Putnam and New London and by Boat to New York Were Prompt and Convenient.

Boston, Feb. 28.—Robert L. Van Dyke, traffic manager at Willimantic, Conn., for the American Thread company, testified at a hearing by the Interstate Commerce Commission today on the application of the New York, New Haven & Hartford Railroad for the protection of its steamboat lines that the free discharge over the Norwich line to New York, was satisfactory and for this reason, he said, he was opposed to a separation.

Mr. Van Dyke said that deliveries by rail by way of Putnam and New London, and by boat to New York were prompt and convenient to the company's warehouse in New York.

On cross examination Mr. Van Dyke said that he had made no effort to learn the rates of the Central Vermont boat and rail line by way of New London, although the distance was shorter and the rates lower, according to Attorney A. H. Rider of the commission. In case the New Haven was required to surrender its Sound lines,

STOPS ANY COLD IN A FEW HOURS

"PAPE'S COLD COMPOUND" OPENS CLOGGED NOSE AND HEAD AND ENDS GRIPPE.

Relief comes instantly. A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharges, nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.

GIRLS! TRY IT! HAVE THICK, WAVY, BEAUTIFUL HAIR

EVERY PARTICLE OF DANDRUFF DISAPPEARS AND HAIR STOPS COMING OUT.

DRAW A MOIST CLOTH THROUGH HAIR AND DOUBLE ITS BEAUTY AT ONCE.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Dandierine hair cleanse." Just try this—moisten a cloth with a little Dandierine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil, and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Dandierine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and itching. But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Dandierine from any drug store, or toilet counter, and just try it. Save your hair! Beautify it! You will say this was the best 25 cents you ever spent.

Mr. Van Dyke said his company would adopt an all rail service. The witness said he had never investigated service and rates from Willimantic to New York by boat and rail by way of Middletown or Hartford or on the Chelsea line of boats from New London. The question, he added, was always one of despatch and the Norwich line gave such service.

KNIGHTS OF COLUMBUS HOLD BANQUET
Supreme Director Mulligan Gave Interesting Addresses.

The banquet of the San Jose Assembly, No. 14, Knights of Columbus, was held in the Johnson House Monday evening at 8 o'clock. The members and their wives and lady friends met at the Knights of Columbus rooms in the Opera House block and marched to the Johnson House. The hall was entered the dining hall to the strains of the Triumphal March from Aida, played by the orchestra. The hall was beautifully decorated with American flags and on the tables were vases of red and white carnations, two cups of punch, given to the following menu: Cream of fresh tomatoes, lettuce, celery, radishes, Spanish olives; cotlets on the half shell, chicken salad; roast stuffed Vermont turkey, cranberry sauce; Parker House rolls; mashed potatoes, mashed turnips, boiled onions; Neapolitan ice cream, fancy cakes; Roquefort and American cheese, saltines; cafe noir, cigars.

After the banquet the following post prandial exercises were held: Invocation, Rev. J. A. Coley, toastmaster; James H. Aspinwall; orchestra selection, Chas. Broderick; George W. Hickey, director; welcome, Mayor Daniel P. Dunn; vocal solo, The Swallows; Mrs. Mary Mathieu; remarks, William J. Mulligan, supreme director, who in the garden of My Heart, William A. Costello; orchestra selection, Salut d'Amour.

Supreme Director Mulligan's address was on the subject of the Knights of Columbus and their duty in upholding the constitution. Mr. Mulligan was a very able speaker and his address was greatly enjoyed by all. The committee in charge of the banquet were Lawrence S. Casey, chairman; F. P. Berth, secretary; Michael P. Grady, secretary; James H. Aspinwall, and James F. Twomey.

MYSTERY SOLVED
Theodore Early and Mrs. Milla Bennett Disappear on Account of Too Much Work.

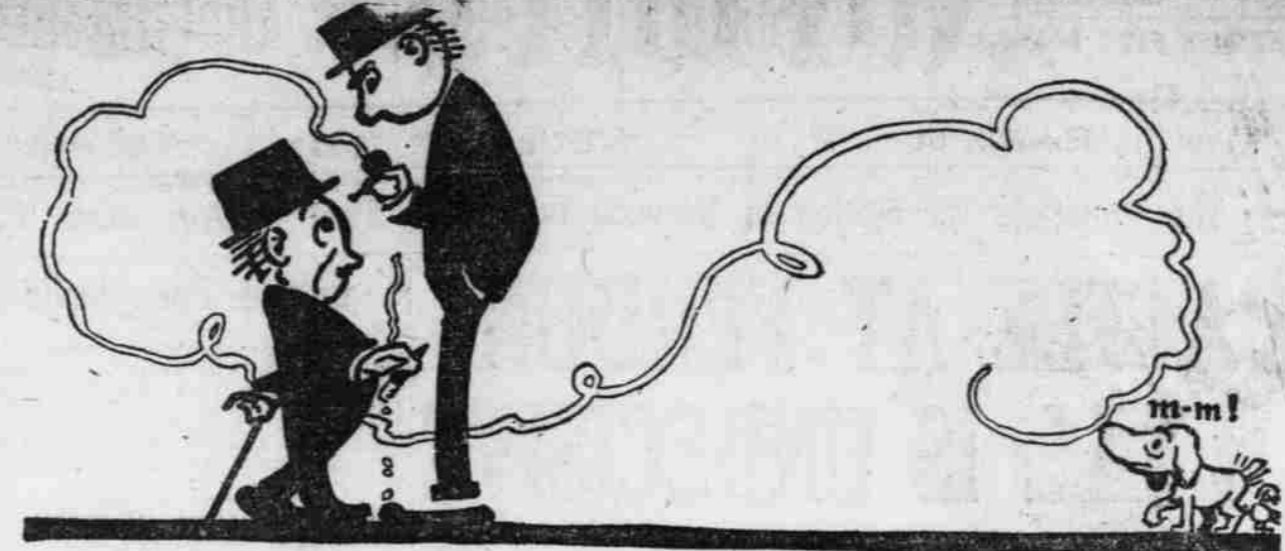

The mystery of the disappearance of Theodore Early, a student at Storrs, and Mrs. Milla Bennett of Hampton, a nurse at the home of C. H. Savage, was solved. They did not elope, but fled from too much work. Early was found at his home in Meriden on Monday and said that he had good reason for leaving. He said that he was hired out at the Savage home where there were three cases of scarlet fever, to take care of the stock of the farm. He said that he was to chop weeds, tend fires, clean out barns, carry water, wash dishes, shovel snow, run a dairy and other things. He said that from 2 till in the morning the time was all his own. As if that wasn't enough to do he claimed that the family had decided to let the nurse, Mrs. Bennett, go and add the task of nursing the sick folks to his already heavy burden. He and his wife talked the matter over and left together. He says that he does not know where she is. He claims that he was justified in breaking out of quarantine. He has been away from his class for 10 days and is anxious to get back to college again.

PLAINFIELD
Allard-Paquette Wedding—Small Fire in Racine's Store—Persons and Notes.

Clifford Allard and Virginia Paquette were united in marriage at St. John's Catholic church Monday morning at 7 o'clock. The ceremony was performed by Rev. William Keefe, the pastor. They were attended by Mr. Pierre Allard, father of the groom, and by Napoleon Rail. The bride wore a gray tulle-trimmed suit and a hat to match. Shortly after the wedding ceremony the newly married couple left for Nashua, N. H. Upon their return Mr. and Mrs. Allard will reside on Lawton Heights.

Small Fire.
There was a slight fire in F. I. Racine's store on Railroad avenue yesterday morning at 8.30 o'clock. The fire was discovered near a stovepipe which runs down into a restaurant below the store and the fire was making headway with great rapidity. The quick work of the clerk and others in the store, however, soon had the fire under control and it was extinguished before any damage could be done.

Fine Skating.

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

The combination of the best smoking-tobacco leaf in the world and the best method ever discovered for refining and mellowing tobacco puts Tuxedo in a class by itself.

Kentucky's ripest, mildest Burley leaf, when treated by the original "Tuxedo Process" loses every trace of bite—develops a wonderfully pleasing fragrance and flavor that are not found in any other tobacco.

No other manufacturer knows the "Tuxedo Process"; that's why no imitator ever equals Tuxedo!

Comment on the Fare System.

The Copper Zone System, which the Shore Line Electric Railway put into effect last week, has caused a great deal of comment from people here.

A number of people claim the system to be a good one and that paying to your destination at once is a great benefit. The majority of people, however, who are accustomed to travel between here and Norwich, often contend that the fare is rather unreasonable and that instead of being raised it should have been lowered.

THE WET SEASON.
Watchman Johnson Driven From Home By Flooded Floors—Many Freeze-Ups.

The rainfall for the forty-five hours that it fell the latter part of the week, was three inches, according to Captain Culver's gauge on Stone Hill. Water ran into cellars where it had never come before.

Henry Jenkins, who has lived in the basement of the house just across the

Ashland bridge, is night watchman at the Jewett City greenhouse. Friday afternoon, he awoke at 2 o'clock, and found the floors covered with ice. The ice was water and more coming. As he does not enjoy swimming in the winter time, he vacated the house by stepping on the rounds of chairs. By night, he occupied another tenement and left the uninvited water in possession.

Woodsheds were marooned and householders had to either wait or swim in order to get the wherewithal to keep warm. The weather was so cold that the Quinebaug was not raised to any extent and the ice did not move. Forty-three inches was the highest noted at Aspinook dam.

Freeze-ups of all sorts have occurred during the cold spell. The most exasperating thing is to have the water pipes freeze after the water is turned off. And then on top of that have the sewer pipe freeze.

As if there was not water enough bailing, one person poured several boilers of nice hot, soapy water down the sink, only to discover all that nice hot, soapy water on the basement floor.

Nearly 200 at Dance.
The dance in the Bijou Saturday night was attended by nearly two hundred people. The music by the Ideal Singing orchestra of Webster, was the attraction.

Mrs. W. O. Soule was in charge of the reading room at Slater library on Sunday afternoon.

MAY CAUSE INCREASED CALL FOR MILK SUBSTITUTES
Charles H. Hood, a Milk Contractor, Tells Interstate Commerce Commission.

Boston, Feb. 28.—An advance in the transportation rate for milk would probably mean an increased demand for milk substitutes from the west and Canada at the expense of the New England business, in the opinion of Charles H. Hood, a milk contractor, who testified at the investigation of the Interstate Commerce Commission into transportation rates today.

A carload of condensed milk, representing four times the quantity of a carload of fluid milk, can be brought from Michigan to Boston for what it costs to bring a car of fluid milk from St. Albans, Vt., he said. He stated that the prepared milk business already was cutting into the fluid milk business through the activity of selling organizations.

An increase in transportation rates, he thought, would also result either in reducing the production in the country or reducing the demand in the city. The farmer already felt, he stated, that he was not getting as much money for his milk as he should. As to the effect of any increased cost on the consumer, he cited the results of an advance of one cent a quart eight years ago when the consumption fell off so much that only recently was the business, despite the increase in population, reached the proportion it had before the rates were changed.

Answering a suggestion that the milk dealers might pay the increased rates out of their profits, Mr. Hood stated that he did not believe it possible. The average profit on a quart of milk, he testified, is less than an eighth of a cent and that on the total business, including all dairy products, less than a fifth of a cent.

THE PROJECTED GERMAN SUBMARINE CAMPAIGN
Subject of Much Discussion and Speculation in London.

London, Feb. 28, 6.50 p. m. — The projected German submarine campaign was the subject of much discussion and speculation today in all quarters in London. Keen interest was displayed in the question whether Germany would commence the operations on March 1 or postpone them for a month, as has been reported from America might be done.

Many military experts expressed the opinion that the date for the beginning of the new submarine campaign would depend largely upon the outcome of the Verdun battle. They said that should the Germans win an overwhelming victory they probably would feel in a position to ignore the American views and proceed with the submarine campaign March 1 as originally announced and press the force of the entente powers both on land and sea as hard as possible.

If the Entente suffer a defeat at Verdun it is believed here they might be inclined to concede a postponement of the submarine programme until a more propitious time.

New Zealand Settling Returned Soldiers.
Wellington, N. Z., Feb. 28.—The New Zealand government has made such progress with its scheme for settling returned soldiers on the land that numerous large areas have already been set aside, and several of the new "colonies" are ready for occupation.
